PROFILE

As a dedicated and passionate computer engineer with a strong foundation in HTML, CSS, and JavaScript, along with proficiency in modern frameworks like Next.js, Tailwind CSS, and Bootstrap, I am actively seeking a challenging position in web development. I thrive on developing innovative solutions within a supportive environment where I can contribute my problem-solving abilities, attention to detail, and a strong focus on delivering high-quality code. With a fresh perspective and a deep passion for the latest technologies, coupled with my commitment to continuous learning, I am eager to make a significant impact in the industry. I leverage my skills and advanced knowledge to exceed clients' expectations and deliver outstanding results.
